Pokemon Platinum Guide

Creative Director: Victor Baek

Designer: Jude Licea

Looks good so far

Maybe some sort of pearly white/silvery white for some of the header text

Im not 100% if the navy background/pink text or the pink text/navy background works better, but whichever one is more legible and easy on the eyes should be chosen

Maybe some sort of glossary that can skip you to the page at the top and maybe at the bottom(bottom feels a bit empty)
